

SLOP IS FOR HOGS NOT CHRISTIANS

| | |
|---------------------------|---|
| God's name taken in vain. | One can hardly watch any television program or a movie where the Lord's name is not taken in vain. Such should be recognized as the insult to the Almighty God that it is, and watching the show abandoned immediately. |
| Murder | God hates the shedding of innocent blood, yet many routinely watch television shows and movies that are filled with violence. They like something God deplores as an integral part of their entertainment. |
| Nudity | Many are inconsistent by opposing recognized venues of pornography such as men's magazines, but do continue to watch a television show or movie when scenes show very scantily dressed characters. Consistency, thou art a Jewel! |
| Fornication | Fornication is exposed by the Bible as a soul condemning sin, but many will not separate themselves from television shows where characters engage in acts of fornication, even some which glorify it every episode. |
| Drunkenness | Drunkards are among those who will not inherit the kingdom of heaven. Many television shows and movies make drinking central to characters lives, yet some who call themselves Christians continue to watch. Why? |
| Profanity | Profanity is commonplace in almost every television series. Christians have no business listening to filthy language, but many do. Contrary the belief of many, a filter such as a TV guardian does not make the program fit to watch. |
| Promiscuity | Sexual promiscuity and perversions of every kind are routine on television. Those activities disgust God, but are welcomed in the entertainment choices of some of His people. What hypocrisy! |
| Witchcraft | Both the Old and New Testaments condemn witchcraft, sorcery, and such like. The Israelites were not to allow a witch to live, but some members of the church make characters like Harry Potter their heroes. Shame! |
| Infidelity | Oh, the horror of television and movies when alternative explanations for the origin of the universe and life are presented! How one believes it is okay to watch these direct attacks on God and the Bible and thinks he can still go to heaven is a complete and total mystery. |

Those who believe they can love to be entertained by things God hates will certainly face a sad sentence in the day of the judgment of the righteous indignation of God. *“I will set no wicked thing before mine eyes...”* (Psa. 101:3). *“Take heed what ye hear...”* (Mark 4:24).
