

## **What is Liberalism?**

- Rejecting the verbal plenary inspiration of the Bible.
- A mindset favoring change, even of the unchangeable.
- A disdain for set rules and patterns.
- The loosing, favoring the loosing, or defending others loosing what God has bound.
- To go beyond what there is authority to do.
- To act subjectively and autonomously when an objective standard exists.
- A failure to conserve; to use available resources recklessly and irresponsibly.
- To follow what is popular and new as opposed to the tried and true.
- To elevate social consciousness and human needs above piety.
- To place one's confidence or dependence upon the wrong entity.
- To know what is right, but to do wrong anyway.
- To dishonor truth by favoring its antithesis.
- To honor human reasoning over divine revelation.
